

Cherry Creek Stewardship Partners

Walk in the Park Saturday, December 17, 2011 10:00 am - Noon Exploring the Ecology of Cherry Creek

Join Master Birders from the Audubon Society and representatives from land use agencies who are engaged in stream reclamation and flood control projects along Cherry Creek for a look at our local waterway - from a bird's eye view.

The Cherry Creek Stewardship Partners will lead a Winter Solstice Tour as part of the quarterly census of wildlife activity at the Park. Who lives here? How have they adapted their lifestyle to their home? How have they adapted their home to their lifestyle? Learn about nature and science at this unique open space park in Arapahoe County.

This is our fourth annual Winter Solstice walk.

Here is a short list of what we see at the Park.

Turkey Vultures	Western Meadowlark	Killdeer	Say's Phoebe
Barn Owl	Red-tailed Hawk	Song Sparrow	Pine Grosbeak
House Wren	Various Swallows	Goldfinch	Downy Woodpecker
Flicker	Cabbage White Butterfly	Tadpoles & Frogs	
Damselflies & Dragonflies	Rabbits	Coyote tracks and scat	

The Park can be accessed from the intersection of Arapahoe and Jordan roads. Take Jordan Road south approximately 1.3 miles, turn left on Jamison Street and then left on Jasper Court. The Park is open from dawn to dusk daily.
